2:01 pm President Minick called meeting to order

Purpose of the call is to update the Executive Committee on the 2021 Fire – Rescue Conference.

Ashley reviewed the final schedule to include all events and training opportunities.

Brick Lewis gave a review of the registration process and the partnership with Bridgeway Solutions. As of today, we have 212 registered.

Brook Mixon gave a review of the media packet and gave details of the social media that will be taking place.

Rick Dunn discussed the promo videos that he will produce each day.

To date we have had 240 delegates selected. We are still in need of volunteers for the conference.

Chief Malcolm Burns brought up a suggestion of a training trailer prop. It is a 2019 Model Ventilation Trailer we could purchase and allow our members to use. Folks that use the prop would either restock it or we would issue an invoice for materials. Logistical questions came up as to how much this prop weighs, where would we store it, how would we pull it. Dorchester county offered to house it. Malcom sees this as an investment of money and a way to get into the departments. We wouldn't teach the class; the host department would be in charge of teaching; we just provide the prop. Chief Minick would like to see more information shared with the group and the conversation continued.

The meeting was adjourned at 2:48 pm.
